

IOM International Organization for Migration

SHORT VACANCY NOTICE

Open to Internal and External Candidates

Position	: NATIONAL MIGRATION HEALTH PHYSICIAN
Organizational Unit	: Migration Health Assessment Centre
Duty Station	: Lagos
IOM Classification	: Special Short Term (SST) Grade equivalent, NOA
Type of Appointment	: Contract Basis (Renewable)
SVN No.	: SVN2017_51
Estimated Start Date	: As soon as possible
Closing Date	: June 20, 2017

Established in 1951, IOM is the leading inter-governmental organization in the field of migration and works closely with governmental, intergovernmental and non-governmental partners. IOM is dedicated to promoting humane and orderly migration for the benefit of all. It does so by providing services and advice to governments and migrants.

IOM is committed to a diverse and inclusive environment. Internal and external candidates are eligible to apply to this vacancy. For the purpose of the vacancy, internal candidates are considered as first-tier candidates.

Context:

Under the general supervision of the IOM Chief of Mission for administrative matters, and the direct supervision of the Chief Migration Health Physician of the IOM Lagos office for technical matters, the National Migration Health Physician will be responsible for providing clinical, administrative and project management support for migration health assessments and treatment of migrants assisted by the Organization. In particular, he/she will:

Core Functions / Responsibilities:

1. Assist to coordinate and manage all the migration health activities in IOM Lagos. This includes but not limited to logistic preparation for medical screening, handling and safekeeping of individual medical files, collection of bio-data and medical history, physical examination, ensuring identity checks of the applicants and confidentiality of information throughout the screening process.
2. Supervise clinical and non-clinical staff to ensure all migration health activities are performed in an effective and efficiency manner.
3. Perform migration health assessment of migrants (refugees and non-refugee immigrants) according to the country- specific immigration medical technical instructions and guidelines.
4. Assist to ensure proper identification and coding of biological samples, maintain strict client confidentiality, liaise with various health service providers to facilitate handling of biological samples, and coordinate the procedures and supervision of the collection of sputum samples for culture and sensitivity for Tuberculosis (TB).
5. Review chest x-ray films, radiologist's reports and laboratory reports and ensure medical forms are completed as per the technical guidelines.
6. Counsel applicants with chest x-ray findings consistent with active or inactive TB and explain diagnostic procedures for TB (sputum smears and culture).
7. Inform applicants about clinically significant chest x-ray findings not compatible with tuberculosis and suggest follow up.
8. Counsel applicants diagnosed with tuberculosis and refer them for treatment to the institutions of the National TB Control Program or private practitioners. Provide applicants with a referral letter, copy of chest x-ray and copy of

- sputum smear and culture results.
9. Counsel and refer family contacts of applicants with infectious tuberculosis for further investigation.
 10. Assist to review and sign certificates for eligible applicants.
 11. Assist with applicant registration and data entry into the appropriate IOM Global Software, if so required.
 12. Assist with the quality control/quality assurance by liaising with the service providers (radiology unit, microbiology laboratory) on a regular basis, correct minor digressions from the regular procedure, inform Chief Migration Health Physician about current or potential problems jeopardizing integrity of the program and suggest improvements and ways to optimize procedures.
 13. Perform any other duties as may be assigned by the supervisor.

Required Qualifications and Experience

- Degree in clinical medicine from an accredited academic institution;
- At least five years of continuous clinical practice post-graduation, registered to practice in Nigeria and with a valid registration license;
- Ability to work as part of a multi-cultural team;
- Reliable, able to work under pressure, good organizational skills and drive for results.

Languages

Fluency in **English** and Native Language; Fluency in all languages advantageous;

Required Competencies

Behavioural

The incumbent is expected to demonstrate the following competencies:

- Accountability – takes responsibility for action and manages constructive criticisms
- Client Orientation – works effectively well with client and stakeholders
- Continuous Learning – promotes continuous learning for self and others
- Communication – listens and communicates clearly, adapting delivery to the audience
- Creativity and Initiative – actively seeks new ways of improving programmes or services
