3. What to bring to the medical examination

- a) Valid Identification document:
 - Original passport, or
 - Others documents e.g. Refugee travel document or Red cross travel document or UN laissez-passer or Seaman's book or OAS travel document or Refugee protection claimant document.
- b) Vaccination records
- c) Proof of payment (Deposit Slip or Transfer Receipt).
- d) Previous Chest X-rays, if available
- e) Information about any prescription medication that you take currently.
- f) Copies of medical reports about any current or previous medical condition(s). Insufficient information may lead to delays and additional testing.
- g) Prescription eyeglasses or contact lenses if you use them to aid visual acuity measurements.

Note: Children under 16 years must be accompanied by a parent or a legal guardian, who can sign and make decisions on their behalf. Friends and family members without an appointment for an immigration medical examination are not permitted to accompany you (visa applicant) during your immigration medical examination.

4. Advice regarding medical examination

- a) For your medical examination, you will be asked to take off all your clothes except your underwear or bra.
- b) Children aged 2 to 14 years will undergo a Tuberculin Skin Test (TB test) and the test will be read after 48 hours (2 days)
- c) You may request a chaperon to be present during your physical examination, especially if you are to be examined by a physician of the opposite sex.
- d) Do not conceal medical conditions. Deliberate attempts to hide them will be recorded in your medical report. Additional examination or tests may be required for individuals with significant medical conditions in order to complete the medical report.
