

IOM International Organization for Migration

SHORT VACANCY NOTICE

Open to Internal & External Candidates

Position : **Migration Health Nurse**
Organizational Unit : **Migration Health**
Duty Station : **Lagos**
IOM Classification : **G5**
Type of Appointment : **Special Short-Term (SST) 6 months with possibility of extension**
SVN No. : **SVN2023.03**
Estimated Start Date : **As soon as possible**
Closing Date : **23 January 2023**

Established in 1951, IOM is a Related Organization of the United Nations, and as the leading UN agency in the field of migration, works closely with governmental, intergovernmental, and non-governmental partners. IOM is dedicated to promoting humane and orderly migration for the benefit of all. It does so by providing services and advice to governments and migrants.

IOM is committed to a diverse and inclusive work environment. Read more about diversity and inclusion at IOM at www.iom.int/diversity. Applications are welcome from first- and second-tier candidates, particularly qualified female candidates. For all IOM vacancies, applications from qualified and eligible first-tier candidates are considered before those of qualified and eligible second-tier candidates in the selection process.

Context:

Under the overall supervision of the Migration Health Officer (MHO) in coordination with the Chief Nurse; and the direct supervision of the Senior Migration Health Nurse, the successful candidate will be responsible for the following duties and responsibilities in relation to the Migration Health Assessment Centre (MHAC) in Lagos, Nigeria

Core Functions / Responsibilities:

1. Perform daily nursing activities in the Migration Health Assessment Clinic (MHAC) to fulfil the technical requirements of the resettlement countries in the areas of:
 - a. Medical examinations,
 - i. Such as checking vital signs, weight, height, visual acuity;
 - ii. Blood, urine or sputum collection as required;
 - b. Imaging;
 - c. Laboratory testing;
 - d. Vaccinations;
 - e. TB management;
 - f. Treatment and referrals;
 - g. Pre-departure procedures and medical movements;

- h. Documentation, certification and information transmission; and,
 - i. Other technical areas as may be required.
2. Provide information and detailed explanations to the migrants and/or refugees in relation to:
 - a. The migration health assessment process; and,
 - b. Treatments and referrals.
 3. Ensure proper identification and follow-up by:
 - a. Comprehensive history taking;
 - b. Accurate and thorough Biodata collection;
 - c. Ensuring ID verification for each step of the health assessment process; and,
 - d. Keeping a register of applicants who undergo health investigations and testing.
 4. Follow and implement the Health Assessment Programme's checklists and SOPs and maintain standard universal precautions within MHAC.
 5. Verify samples of sputum, blood or others are properly transported to the laboratory or previously designated location.
 6. Maintain and monitor the MHAC pharmacy, stock, medical kits and emergency kits within the MHAC and for medical escorts if applicable.
 7. Provide pre and/or post counselling to migrants or refugees on TB or HIV education, prevention and management as appropriate.
 8. Prepare administrative reports and program updates as necessary.
 9. Support the planning and execution of mobile missions if applicable.
 10. Assist with pre-departure documents, briefings and preparations as necessary.
 11. Perform medical escort duties when required to ensure migrants receive continued care throughout all phases of migration (before departure, during the journey and at the final destination).
 12. Maintain collaborative relationships with various partners to facilitate follow-up and relevant information sharing. Partners include internal IOM departments, other health providers, panel physicians, embassies other UN agencies or NGOs and others as applicable.
 13. Collect statistical information and share with the Senior Migration Health Nurse or CMHO as per pre-set and agreed-upon format.
 14. Perform other duties as may be assigned.

Education:

- Nursing Degree with a minimum of three years relevant clinical experience
- A valid license to practice nursing in Nigeria

Experience:

- Excellent technical skills, including in phlebotomy.
- Training or working experience in the areas of Tuberculosis management, immunizations, mental health, communicable diseases, laboratory testing or public health is an advantage.

Languages:

Fluency in English (oral and written) required, working knowledge of the local language.

Skills:

- Computer literacy required: MS Office suite (Word, Excel, Access)
- Good knowledge of clinical care especially in the Primary or secondary Health Care settings.
- Good communication skills and proven ability in working in a team.

- Counselling, health promotion, public health or migration health skills/experience is a plus.
- Self-motivated, ability to work with minimum supervision; ability to work with tight deadlines
- Demonstrated ability to maintain detail, accuracy, and confidentiality.

Required Competencies:

Behavioural
