

SHORT VACANCY NOTICE

Open to Internal and External Candidates

Position	: National Migration Health Physician (10 positions)
Organizational Unit	: Migration Health Division
Duty Station	: Lagos
IOM Classification	: NO-A
Type of Appointment	: Special Short-Term (SST) 6 months with possibility of extension
SVN No.	: SVN2023.07
Estimated Start Date	: As soon as possible
Closing Date	: 22 February 2023

Established in 1951, IOM is the leading inter-governmental organization in the field of migration and works closely with governmental, intergovernmental, and non-governmental partners. IOM is dedicated to promoting humane and orderly migration for the benefit of all. It does so by providing services and advice to governments and migrants.

IOM is committed to a diverse and inclusive work environment. Read more about diversity and inclusion at IOM at www.iom.int/diversity. Applications are welcome from first- and second-tier candidates, particularly qualified female candidates. For all IOM vacancies, applications from qualified and eligible first-tier candidates are considered before those of qualified and eligible second-tier candidates in the selection process.

Context:

Under the direct supervision of the Migration Health Officer (Lagos) the successful candidate will be responsible for carrying out the following duties and responsibilities in relation to the Migration Health Assessment Centre (MHAC) in Lagos, Nigeria.

Core Functions / Responsibilities:

1. Performing migration health assessment and completing related medical documentation of migrants selected for migration in accordance with the resettlement country's Medical Examination Guidelines/Protocols for Immigrants and the IOM Migration Health Assessment Guidelines.
2. Coordinate and ensure appropriate documentation of Biodata and Registration of all Migrants presenting or presented for Migration health assessment including appropriate monitoring and storage of all biodata under strict confidentiality code of conduct.
3. Providing technical guidance to IOM medical staff in IOM Abuja/Lagos to ensure that the following activities are performed in accordance with the technical requirements of the resettlement countries:
 - Medical treatment and follow up programs
 - Data Processing and management
 - Pre-embarkation medical examination of departing refugees
4. Contributing to the analysis and technical elaboration of data gathered from the migration health assessment.
5. Conduct the MHAC's migration health assessment process to fulfil the technical requirements of the resettlement countries in the areas of:
 - a. Medical examinations;

- b. Imaging;
 - c. Laboratory testing;
 - d. Vaccinations;
 - e. TB management;
 - f. Treatment and referrals;
 - g. Pre-departure procedures and medical movements;
 - h. Documentation, certification, and information transmission; and,
 - i. Other technical areas as may be required
6. Perform treatment for TB and sexually transmitted infections and provide support to the HIV and counselling activities. Oversee and coordinate the management of TB cases to ensure effective TB treatment.
 7. Coordinating with the local/national health authorities, physicians, hospitals and laboratories, as needed.
 8. Assisting in the preparation, design, analysis and implementation of research activities related to migration health, tuberculosis and sexually transmitted diseases.
 9. Assisting in developing potential health and migration projects/programmes for the mission.
 10. Performing any other related duties that the direct supervisor may assign.

- ***Required Qualifications and Experience***

Education

- University Degree in Medicine and Surgery from an accredited academic institution with at least two years of professional work experience

Experience

- Minimum of two (2) years, post-housemanship, continuous clinical experience, preferably in a multidisciplinary hospital setting.
