Confirmation will be done one by one, whether the submitted documents and format are in conformity with the requirement as mentioned in 9.1 above. In case of no submission or missing of any of required documents deemed as important, such Applicant shall be disqualified at this stage.

Eligibility Requirement	Importance	Criteria
Quotation Form (Annex A) – Signed and stamped	High	Pass/Fail
Bill of Quantities Form (Annex B) – Signed and stamped	High	Pass/Fail
Bill of Quantities in PDF in MS excel	High	Pass/Fail
Gantt Chart/Construction Schedule Form (Annex D) – Signed and stamped	High	Pass/Fail
Key Supervisory Staff Schedule Form, CVs and Academic Certificate (Annex E) – Signed and stamped	High	Pass/Fail
Equipment Schedule Form (Annex F) – Signed and stamped	High	Pass/Fail

*Bidders must attain the rating of “pass” in all areas shown as of “high” importance so as to proceed to the technical evaluation.

B. Technical Examination [Pass/Fail criteria]:

Technical Qualifying criteria are the minimum requirements that will be evaluated on a pass/fail basis. This will determine whether the Bid is substantially responsive to the technical requirements. All bids must be checked for substantial responsiveness to the technical requirements.

Non-conformity to the requirements is a justifiable basis for the rejection of a Bid. These are those deviations that, if accepted, would not fulfill the purposes for which the Bid is requested, or would prevent a fair comparison with Bids that are properly compliant with the requirements.

Material technical deviations include but not limited to:

- a) Inability to meet the critical delivery schedule or work schedule clearly specified in the RFQ;
- b) Failure to comply with minimum experience criteria as specified in the RFQ;
- c) Failure to meet major technical requirements (e.g., offering completely different types specified, plant capacity well below the minimum specified, equipment not able to perform the basic functions for which it is intended; and/or
- d) Failure to bid for the required scope of work (e.g., for the entire works or a complete package or a complete schedule).

Criteria	Requirement	Rating
Bidders’ experience, capacity, equipment and construction Schedule:		
(a) Similar experience: Successful similar experience in terms of equivalent nature and complexity carried out on behalf of UN and INGOs in Northeast of Nigeria. Provide evidence such as Contracts or Purchase Orders and Completion Certificates.	The Bidder must demonstrate through past projects its ability to produce a high-quality work. At least 2 construction works of equivalent nature and complexity in the last 3 years.	Pass/Fail
a) List of Equipment owned or hired: Type, Characteristics, Minimum Number and Availability of Key Equipment. A bidder must demonstrate adequate ownership of the minimum required Assets and/or Machineries.		Pass/Fail
b) Program of works: This category is based on the		Pass/Fail

proposed time to complete the work. Detailed Gantt chart (Sequence of activities on how the work will be implemented) is required to show how the program of works was planned.		
Key professional staff qualifications and competency for the assignment:		
a) Project Supervising Engineer Detailed CV and qualification certificates should be presented	Bachelor's Degree in Civil Engineering/Architecture/Building Technology with minimum of 2 years' experience in relevant activity or HND/ND in the same discipline with minimum of 5 years' experience in relevant activity.	Pass/Fail
b) Foreman Detailed CV should be presented.	Minimum 5 years managing projects of similar nature and complexity.	Pass/Fail

C. Detailed Examination of Bids

Only the Proposal of bidders that obtain overall Pass in the technical evaluation shall undergo the financial evaluation.

Arithmetical errors will be corrected on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected.

Where there is a discrepancy between the unit rate and the line-item total resulting from multiplying the unit rate by the quantity, the quoted unit rate will govern, unless in the opinion of IOM there is an obviously gross misplacement of the decimal point in the unit rate, in which case the unit rate will be corrected and the line item total respected or corrected in accordance with this paragraph, if need be. The amount stated in the bid shall be adjusted by IOM in accordance with the above procedure for the correction of errors and, with the concurrence of the bidder, shall be considered as binding upon the bidder. If the bidder does not accept the corrected amount, the bid will be rejected. IOM may request clarification or further information in writing from the bidders at any time during the bid process. The bidders' responses shall not contain any changes regarding the substance (including the rates) of their proposal. IOM may use such information in interpreting and evaluating the relevant proposal but is under no obligation to take it into account.

Analysis of Bill of Quantities and Unit Rates

The Analysis of prices for components of the Bill of Quantities and for unit rates of a bid shall be carried out for the following four (4) purposes:

- i. To examine whether the unit rates of the bid are balanced. A bid shall be considered unbalanced if the unit rates are substantially higher or lower, in relation to the estimate and the rates quoted by other bidders, for items of

- work to be performed early in the contract or for underestimated quantities for certain items of work.
- ii. To verify whether the bid price is reasonable. An unreasonably low bid price may reflect the bidder's misunderstanding of the specifications and, accordingly, this bidder may incur substantial financial losses and fail to complete the work satisfactorily if awarded the contract. To determine the reasonableness of a bid price, it is necessary to consider all circumstances affecting the bid.
 - iii. To verify whether the Bill of Quantities is complete. If a bidder has failed to enter a rate or price it shall be deemed to be covered by other rates and prices entered in the Bill of Quantities. Accordingly, there shall be no adjustments for missing items in the Bill of Quantities unless the Bidding Documents specify otherwise. If, however, a bidder does not quote a price for one complete bill, for bid evaluation purposes price adjustment should be made for the missing bill, unless the missing bill is for a major component of the works, in which case, the bid should be rejected.
 - iv. To examine the completeness of unit rates. Where Bidding Documents require the bidder to provide drawings and/ or the breakdown of the price of any bid item in support of its unit rate or price for that item, any components that are missing from the drawings and/ or the breakdown of the price of a bid item shall be loaded during evaluation for the price of the missing component.

This category is based on the closeness of the proposed unit price per BOQ line item to the in-house cost estimates. Analysis of unit rates and prices provided by bidders, which are generally components of the Bill of Quantities for civil work contracts, is carried out to verify that the rates and/or prices are not seriously unbalanced in relation to or substantially below the cost estimate.

15. Post Qualification

Prior to award, post-qualification will be carried out by IOM to further determine the selected Contractor's technical and financial capability to perform the contract. IOM shall verify and validate any documents/information submitted and shall conduct ocular inspection⁴ of the office, plant and equipment and previous projects.

If the lowest evaluated bidder fails in post qualification examination, its bid shall be rejected, and the next ranked bidder shall then be subject to post qualification examination. If successful, this bidder shall receive the award, otherwise the process continues.

16. Award of Contract

The Contractor that has submitted the lowest evaluated Price, substantially responsive to the requirements of this General Instruction and who has been determined to be qualified to perform the contract shall be selected and awarded the contract.

⁴ If applicable.

IOM shall notify the selected Contractor through a Notice of Award. IOM shall also notify in writing, the other Contractors who were not selected without disclosing the reason for rejection.

17. Delivery Site and Period of Delivery

The works shall be done in:

- *Daware, Fufore LGA, Adamawa*
- *Ngala LGA, Borno*
- *Pulka, Gwoza LGA, Borno*
- *Yola South LGA, Adamawa*

The Works must be completed *as per the approved Gantt chart and completion schedule in the final contract.*

18. Liquidated Damages

If the Contractor fails to deliver the works within the completion period specified in Clause 17 above, a penalty payment of 0.1% of the cost of unfinished Works for every day of breach of completion schedule will be requested.

19. Payment

Payment shall be made only upon IOM's acceptance of the Works, and upon IOM's receipt of invoice.⁵

IOM's standard payment schedule shall be as follows:

First Payment: 30% of the contract amount due upon the contractor's completion of 33% of the works as certified by the program manager.

Second Payment: 30% of the contract amount upon the contractor's completion of 66% of the works as certified by the program Manager.

Third Payment – 30% of the works upon completion of 100% of the works. 100% completion of the works shall be supported by a Certificate of Provisional Acceptance signed by the Chief of Mission of IOM Nigeria.

Fourth Payment: (RETENTION) – 10% of the contract amount shall be due 12 months after the issuance of the Certificate of Provisional Acceptance. Release of the Retention portion of the contract shall be documented with a Certificate of Final Acceptance issued by the Chief of Mission of IOM Nigeria.

20. Retention Money

⁵ Insert conditions if progress payment is allowed.

There will be retention of 10% of each payment, as security for the quality of workmanship, conformance with plans and specifications, and third-party liabilities. Notwithstanding the provisions of the Contract, the 10% retention shall be released after the Contractor has complied with the requirements of the Certificate of Final Acceptance and the warranty period.

The Contractor has the option to substitute the cash retained with an acceptable Bank Guarantee of prescribed form in the same amount (Annex K).

21. Settlement of Dispute

The United Nations Commission on International Trade Law (UNCITRAL) arbitration rules will apply for any dispute, controversy or claim that will arise in relation to the procurement process.

22. Other

As part of the project design, the construction work will involve low skilled beneficiaries from IDP, returnee and host communities in the area who will be supported finally by IOM. The successful Contractor will be required to take this modality into consideration.

If the Agreement is terminated by either Party after the Completion Date due to non-completion of the Works, the Contractor shall be liable to IOM for liquidated damages equivalent to 0.1% (one-tenth of one per cent) of the total Contract Price for each day from the Completion Date to the date of termination.

6. Work Schedule

- 6.1 Within the timeframe specified in the NoA and no later than the date of signature of this Agreement, the Contractor shall submit to IOM a work schedule (the “**Work Schedule**”) showing the order and timing for all the activities in the Works.
- 6.2 The Contractor shall keep and update a daily logbook on all progress and matters relating to the Works in accordance with industry standards. The logbook shall be inspected and verified for accuracy, daily or at an interval designated by IOM, by a designated IOM staff or its authorized representatives. The logbook shall be the authoritative source of information for determining the extent of the Works completed (the “**Completion Rate**”). In case the Contractor fails to update the logbook properly with the required verification, IOM shall have the right to solely determine the Completion Rate which cannot be challenged by the Contractor.
- 6.3 The Contractor shall submit an updated Work Schedule as and when requested by IOM or its Project Manager.
- 6.4 The Contractor shall notify IOM through its Project Manager of any proposed change in the Work Schedule. Any change shall be subject to prior written approval by IOM. The Contractor shall also submit to the Project Manager for approval a revised schedule within 7 (seven) calendar days from the date of proposing the change.
- 6.5 If at any time IOM deems that Contractor’s actual progress is inadequate to meet the requirements of this Agreement, IOM may notify the Contractor to take such steps as may be necessary to improve its progress. If after a reasonable period, as determined

by IOM, the Contractor still does not improve its performance, IOM may require an increase in Contractor's labour force, the number of shifts, workdays per week, overtime hours, amount of equipment, or require expedited shipment of equipment and materials, all at the Contractor's cost and without additional cost to IOM.

- 6.6 If at any time the Contractor's labour force is inactive due to unpaid wages, the Contractor shall be liable to IOM for liquidated damages equivalent to 0.1% (one-tenth of one percent) of the total Contract Price for each day of work stoppage until the entire labour force resumes work on the Project. This penalty shall be applied independently of any other sanction or penalty allowed for in this Agreement.

7. **Work Variation**

- 7.1 At any time during the implementation and execution of this Project, IOM reserves the right to request any alteration in any aspect of the work, as deemed necessary or appropriate by IOM in the best interest of the Project.
- 7.2 Alterations and/or modifications, whether additive or deductive, shall be conveyed to the Contractor in the form of a work variation order (the "**Work Variation Order**") duly approved and signed by IOM or its authorized representative. The Contractor shall immediately implement any Work Variation Order issued by IOM.
- 7.3 All variations shall be included in an updated Work Schedule.
- 7.4 If any work in the Work Variation Order corresponds with an item description in the BoQ, the rate in the BoQ shall be used to calculate the value of the variation. In other cases, the cost of such Work Variation Order shall be evaluated and compensated as agreed between the Parties. IOM may request the Contractor to provide a quotation for the cost of the variation.

8. **Bank Guarantee for Advance Payment** *(if applicable)*

- 8.1 The Contractor shall, within the timeframe specified in the NoA and no later than the date of signature of this Agreement, furnish IOM with an unconditional bank guarantee in the amount equivalent to *[percentage]* of the Contract Price (the "**Bank Guarantee**").
- 8.2 The Bank Guarantee shall be in a form and by a bank acceptable to IOM in an amount and currency equal to the advance payment.

8.3 The amount of the Bank Guarantee shall not be construed as the limit of the Contractor's liability to IOM in any event.

8.4 The Bank Guarantee shall be effective from the date of the release of cash advance as per Article 4.1 of this Agreement until the date of the provisional acceptance as per Articles 4.6 or 4.7.

9.2 The Performance Bond shall serve as the guarantee for the Contractor's faithful performance and compliance with the terms and conditions of this Agreement.

9.3 The amount of the Performance Bond shall not be construed as the limit of the Contractor's liability to IOM in any event.

9.4 The Performance Bond shall be effective from the date of commencement of the Works until the date of Provisional Acceptance as per Articles 4.6 or 4.7.

10. **Retention**

10.1 Upon issuance of the Certificate of Provisional Acceptance for completed Works as per Article 4.6, an amount equivalent to 10% (ten per cent) of the Contract Price shall be retained by IOM to be used for repairs or reconstruction of defective works due to poor workmanship and/or inferior quality of material used which are discovered within a period of 12 (twelve) months from the date of Provisional Acceptance.

10.2 In case a Certificate of Provisional Acceptance for terminated Works has been issued as per Article 4.7, an amount equivalent to 10% (ten per cent) of the Contract Price corresponding to the Completion Rate as per Article 6.2 shall be retained by IOM to use for repairs and reconstruction of defective works due to poor workmanship and/or inferior quality of material used for which the Contractor was responsible under this Agreement which are discovered within a period of 12 (twelve) months from the date of Provisional Acceptance.

10.3 The Contractor may, from the date of Provisional Acceptance and until the expiration of Retention period, request IOM to release the amount retained as per Article 10.1 or Article 10.2 by submitting an unconditional bank guarantee. Such bank guarantee shall be in a form

and by a bank acceptable to IOM and in an amount and currency equal to the amount retained and effective until the expiration of Retention period.

11. Contractor's Responsibility

- 11.1 All government permits and licenses required for the execution of the Works under this Agreement shall be obtained prior to the commencement of the Works and paid for by the Contractor.

- 11.3 The Contractor shall assume full responsibility for the Works under this Agreement until its final acceptance by IOM as per Article 4.8. The Contractor shall have entire control and supervision of the Works and services herein agreed upon and shall be solely liable for the salaries, wages and other employment benefits of all employees and sub-contractors. Should the Contractor breach this clause, IOM has the right to proceed against the Performance Bond or Bank Guarantee or to use the Retention Amount, without prejudice to demanding direct reimbursement from the Contractor in the event that the amount of the Performance Bond Bank Guarantee or Retention Amount is insufficient.
- 11.4 The Contractor shall be responsible for the safety of all activities on the site and for ensuring that relevant occupational health and safety laws and regulations are followed.
- 11.5 The Contractor shall be solely and fully accountable for ANY claim for losses, liabilities, injuries, or damages arising out of or in connection with the work done or to be performed under this Agreement including but not limited to any accident or injury of any of its employees or sub-contractors during the term of this Agreement , or for any injury to any person or damages or loss of properties arising from the construction or any act or omission of the Contractor or anyone in its employment, or its subcontractors.
- 11.6 The Contractor shall comply with local laws on wages and such other labor laws including all other laws, orders and regulations of any government authority in connection with the Works.
- 11.7 The Contractor shall at all times defend, indemnify, and hold harmless IOM, its officers, employees, and agents from and against all losses, costs, damages and expenses (including legal fees and costs), claims, suits, proceedings, demands and

liabilities of any kind or nature to the extent arising out of or resulting from acts or omissions of the Contractor or its employees, officers, agents or subcontractors, in the performance of this Agreement. IOM shall promptly notify the Contractor of any written claim, loss, or demand for which the Contractor is responsible under this clause.

12. Inspection of Works

12.1 IOM reserves the right for itself and its representatives to inspect the Works, while in progress, so as to give IOM the opportunity to reject the whole or any portion thereof, which in the opinion of IOM's representative is defective or substandard.

12.2 The Contractor shall allow the Project Manager and other IOM representatives to access to the work site at any time.

13. Insurance

13.1 Without limiting the Contractor's liability pursuant to Article 11 (Contractor's Responsibility), the following insurance cover is to be provided and maintained by the Contractor for the entire duration of this Agreement:

- (a) Third party liability for any one claim or series of claims arising out of any one accident or event;
- (b) Workmen's compensation and/or employer's liability insurance which complies with applicable legislation;
- (c) Automobile public liability and property damage insurance; and

13.3 Policies and certificates of insurance are to be provided to IOM prior to the commencement of the Works.

14. Warranties

14.1 The Contractor represents and warrants that it is financially sound and duly licensed, with the adequate labor/human resources, equipment and tools, competence, expertise and skills necessary to carry out fully and satisfactorily, within the stipulated completion period, the Works in accordance with this Agreement .

14.2 The Contractor guarantees and warrants the performance and completion of the design and construction work to the full and complete satisfaction of IOM. The Contractor remains responsible for the damages caused or identified within 12 (twelve) months from the date of IOM's Provisional Acceptance of the Works as per Articles 4.6 or 4.7,

on account of defects in the construction, or the use of materials of inferior quality furnished by it, or due to any violation of the terms of the Agreement.

- 14.3 In case of any defect in workmanship or materials, which may become apparent in the course of construction, the Contractor shall, within 7 (seven) calendar days from IOM's demand, at Contractor's own cost and expense, remedy such portion of the Works done by the Contractor as in the opinion or judgment of IOM is unsound, incorrect or defective or not in accordance with the plans and specifications.
- 14.4 In case of Contractor's default, failure or refusal to carry out such order to remove and replace the unsound, incorrect or defective portion of the Works within 7 (seven) days as required by the previous clause, IOM may terminate this Agreement and/or engage the services of other persons to carry out the same. The Contractor shall bear all expenses arising there from or incidental thereto. IOM may require direct reimbursement for the cost of such action from the Contractor, deduct the expenses from any amount due to the Contractor, or deduct the amount from Performance Bond, the Bank Guarantee or the Retention Amount.
- 14.5 If any defects or imperfections are discovered by IOM and communicated to the Contractor after provisional acceptance but prior to final acceptance of the Works due to defective or improper workmanship and/or inferior quality of the material used, the Contractor shall immediately correct such defects within a period of 5 (five) days of receipt of written notice from IOM. Where the Contractor fails to act within this period, IOM may engage the services of a third party to correct the defect and hold the Contractor liable for the cost of such services. In such circumstances the Contractor shall reimburse IOM the cost of such repair, with interest at 2% (two per cent) per month from the time such expenses were incurred until fully reimbursed. The Performance Bond, Bank Guarantee and Retention, if not yet released at the time the said defects are found, may be used for this purpose.
- 14.6 The Contractor shall perform repair work with the utmost care and diligence to protect existing facilities and prevent damage thereto. In the event that damage to existing facilities is caused by such repairs, the Contractor shall repair such damage at its own expense and to IOM's satisfaction and acceptance.

- g) The Contractor, its staff or shareholders have not previously been declared by IOM ineligible to be awarded contracts by the IOM;

The Contractor, its officers and employees shall not accept for their own benefit any trade commission, discount or similar payment in connection with activities pursuant to this Agreement or the discharge of its obligations thereunder. The Contractor shall ensure that any subcontractors, as well as the officers, personnel and agents of either of them, similarly, shall not receive any such additional remuneration.

14.8 The Contractor further warrants that it shall:

- a) Take all appropriate measures to prohibit and prevent actual, attempted and threatened sexual exploitation and abuse (SEA) by its employees or any other persons engaged and controlled by it to perform activities under this Agreement (“other personnel”). - e) Adhere to above commitments at all times. Failure to comply with (a)-(d) shall constitute grounds for immediate termination of this Agreement.

14.9 The above warranties survive the expiration or termination of this Agreement.

15. Assignment of Agreement and Subcontracting

15.1 The Contractor shall not assign or subcontract the Agreement or any work under this Agreement in part or all, unless agreed upon in writing in advance by IOM. Any subcontract entered into by the Contractor without approval in writing by IOM may be cause for termination of the Agreement.

15.2 In certain exceptional circumstances by prior written approval of IOM, specific jobs and portions of the Project may be assigned to a subcontractor. Notwithstanding the said written approval, the Contractor shall not be relieved of any liability or obligation under this Agreement nor shall it create any contractual relation between the subcontractor and IOM. The Contractor remains bound and liable thereunder and it shall be directly responsible to IOM for any faulty performance under the subcontract. The subcontractor shall have no cause of action against IOM for any breach of the subcontract.

16. Force Majeure

21. Dispute Resolution

21.1. Any dispute, controversy or claim arising out of or in relation to this Agreement, or the breach, termination or invalidity thereof, shall be settled amicably by negotiation between the Parties.

21.2. In the event that the dispute, controversy or claim has not been resolved by negotiation within 3 (three) months of receipt of the notice from one party of the existence of such dispute, controversy or claim, either Party may request that the dispute, controversy or claim is resolved by conciliation by one conciliator in accordance with the UNCITRAL Conciliation Rules of 1980. Article 16 of the UNCITRAL Conciliation Rules does not apply.

21.3. In the event that such conciliation is unsuccessful, either Party may submit the dispute, controversy or claim to arbitration no later than 3 (three) months following the date of termination of conciliation proceedings as per Article 15 of the UNCITRAL Conciliation Rules. Internationally accepted general principles of law shall be deemed to include the UNIDROIT Principles of International Commercial Contracts. Dispute resolution shall be pursued confidentially by both Parties. This Article survives the expiration or termination of the present Agreement.

22. Use of IOM Name

The use of the official logo and name of IOM may not be used by the Contractor without the prior written approval of IOM.

23. Status of IOM

Nothing in this Agreement affects the privileges and immunities enjoyed by IOM as an intergovernmental organization.

24. No Waiver Clause

IOM's failure to insist upon a strict performance of any of the terms and conditions of this Agreement shall not be deemed a relinquishment of any right or remedy that IOM may have, nor shall it be construed as a waiver of Contractor's subsequent breach of this Agreement which shall continue to be in full force and effect. No waiver by IOM of any of its rights under this Agreement shall be deemed to have been made unless expressed in writing and signed by IOM.

25. Termination of Agreement

25.1 IOM may, at its option, terminate for convenience any of the work under this Agreement in whole or in part, at any time by 7 (seven) days written notice to Contractor. Such notice shall specify the Completion Rate upon termination as

established by Article 6.2 and the effective date of termination. Upon receipt of such notice Contractor shall:

- (a) Immediately discontinue the Works on the date and to the extent specified in the notice and place no further purchase orders or subcontracts for materials, services, or facilities other than as may be required for completion of such portion of the Works that is not terminated;
- (b) Promptly cancel upon terms satisfactory to IOM all purchase orders, subcontracts, rentals, or any other agreement existing for the performance of the terminated work, or assign those agreements as directed by IOM;
- (c) Assist IOM in the maintenance and protection of work in progress, plant, tools, equipment, property and materials acquired by Contractor or furnished by IOM under this Agreement;
- (d) Complete performance of such portion of the Works which are not terminated; and
- (e) Perform other related tasks, which IOM may reasonably instruct, in order to effect the termination of the work.

25.2 Upon termination as per the previous clause, as the sole right and remedy of Contractor, IOM shall pay in accordance with the following:

- (a) The Contract Price corresponding to the Works performed in accordance with this Agreement prior to the date of such notice of termination;
- (b) Costs corresponding to the portion of the Works thereafter performed as specified in such notice of termination, subject to IOM's acceptance of such work;
- (c) Reasonable and documented administrative costs of settling and paying claims arising out of the termination of work under purchase orders or subcontracts, as agreed by IOM; and
- (d) Reasonable costs incurred in demobilization and the disposition of residual material and equipment, as agreed by IOM.

The Contractor shall submit within 7 (seven) calendar days after receipt of notice of termination, a written statement setting forth its proposal for an adjustment to the Contract Price to include only the incurred costs described in this clause. IOM shall review the proposal, and negotiate an equitable adjustment of the Contract Price. Other amounts paid in advance by IOM will be refunded by the Contractor within 7 (seven) days.

25.3 IOM may terminate this Agreement or any of the work under this Agreement at any time by immediate written notice to the Contractor, for causes which include but are not limited to:

- (b) Contractor's default, failure or refusal to carry out order to remove and replace the unsound, incorrect or defective portion of the Works as per Article 14.5;
- (c) Non-completion of the Works within the time agreed upon or the expiration of extension agreed upon, or delayed progress of the Works as stated in Article 6 or sub-standard work;
- (d) Institution of insolvency or receivership proceedings involving the Contractor;
- (e) If, in the judgment of IOM, the Contractor has engaged in corrupt or fraudulent practices in competing for and/or implementing the Agreement.

The written notice shall specify the Completion Rate as established by Article 6.2 upon termination, the effective date of termination, and any additional tasks that need to be performed including but not limited to those enumerated in Articles 25.1 and 25.2. Such termination shall be without prejudice to IOM's other rights and remedies in this Agreement, in law and in equity. Amounts paid in advance by IOM will be refunded by the Contractor within 7 (seven) days from the date of IOM's request.

25.4 Where IOM terminates this Agreement as per Article 25.3 above, all materials, plant, equipment and works financed under this Agreement shall be deemed to be the property of IOM, and the Contractor shall be liable for all the direct replacement cost incurred to IOM for the completion of the Works. The Contractor shall pay IOM the required amount within 30 (thirty) days from receipt of an invoice from IOM. The direct replacement cost shall be the difference between the remaining amount in Contract Price not paid to the Contractor upon termination including the retention amount (after the settlement of all remaining debts and obligations) and the actual cost spent by IOM for completion of the remainder of the Works plus overhead of 10% (ten per cent) for additional administrative efforts of IOM.

25.5 Upon any termination, the Contractor shall waive any claims for damages including loss of anticipated profits on account thereof.

26. Severability

If any part of this Agreement is found to be invalid or unenforceable, that part will be severed from this Agreement and the remainder of the Agreement shall remain in full force.

27. Entirety

This Agreement and its Annexes embody the entire agreement between the Parties and supersedes all prior agreements and understandings, if any, relating to the subject matter of this Agreement.
